Description

Here I have a very unusual mahogany bookcase inverted open shelves and flanking pedestal style type cabinets with enclosed shelves. Flamed mahogany doors opening to interior all adjustable shelving. All shelvings are adjustable on this bookcase. This is a very nice good quality bookcase in very good condition and original finish. Early Victorian circa 1840/50. 198cm wide, 183cm high, 48cm deep. As you can see in my pictures it dismantels for easy transport and goes in to any door way.,
