Gents 9ct gold Enicar Ultrasonic wrist watch, 1956

Price

Sold**Item Reference: SA717463****Date of manufacture: 1950**

Description

Gents 9ct gold Enicar Ultrasonic wrist watch, 1956. The watch has a good quality signed 25-jewel hand-winding movement, Enicar 1010, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Edinburgh 1956 with a case maker's mark for the British Watch Case Company. The case is in good condition and happily there is no engraving to the back. Original Enicar winding crown. The lens is in good condition. The signed dial is in lovely condition with original hands, second sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
