Description

This antique burr walnut sideboard is stunning quality, with a wonderful shape & superb carvings. There is a matching dining table & chairs that came with this sideboard, but I realise that not everyone will have room for this as well or would want it together. So – You have the option. I would strongly advise viewing if possible, because it's much nicer in real life. We also have the matching dining table & chairs listed separately which would be nice to have with this set if one has the room. Width – 71 inches, 180 cm Depth – 23 i...
