Description

A good example of a Victorian solid Silver milk or cream jug with elegant engraved floral designs and a curved handle, stood on a round footed base. The jug is stylish and good quality, weighing approximately 63g. It is clearly hallmarked for C.S. London, 1884. It is in very good condition for its age. There are no major damages and it displays beautifully. There are some faint internal surface marks and a few light surface marks and minor dinks but nothing detrimental. It has been gently cleaned and polished is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK delivery £5, rest of the world £15.
