

SA718370

Antique silver Buren pocket watch and albert

Price

Sold**Item Reference: SA718370****Date of manufacture: 1920**

Description

Antique silver Buren pocket watch and albert. The watch has a 15-jewel stem-winding movement (with micro regulator) which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is silver and there are hallmarks for Birmingham 1925 with a case maker's mark for the Birmingham based case maker Aaron Dennison. The case is in good condition and the engine turned detail to the case back is still nice and crisp. The main face of the watch glass is in good condition, there is a little nibbling around the bevelled edge. The enamel dial has a couple of hairline cracks but they are faint. The watch comes with a later single silver chain with a silver fob depicting a darts board. The chain and fob weigh 30g. The watch comes in a new presentation box.
