Description

1921 Elgin full hunter pocket watch. The watch has a stem-winding movement, seven jewel grade 292, which is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is good condition with engine turned detail to both the front and the back. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed dial is in lovely condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
