Description

A superb example of an antique glass ceiling light dating from the early 20th century. It is an attractive shape and has its original metal gallery. The glass is a milky opaline with a clear frosted stepped base. The light is made to hang from the ceiling on a chain and has been wired with a simple hanging flex cord and modern bayonet bulb holder. This makes it easy to adapt or hang over an existing flex. The light is in good condition with no damages apart from a few small nibbles around the rim. It has been cleaned and the gallery has been lightly polished. It is ready to install but we always recommend that the light is checked and wired by a professional electrician. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK delivery £15.
