Description

Circa 1920-1940 an all glass chandelier with five arms and five small swirls in the centre, with original drops throughout and a glass dome top. The chandelier is in good condition with no signs of damage and was professionally rewired by a qualified electrician a few years ago. It will need an up to date PAT test before installation. The chandelier measures 70cm in length from the hook at the top (inside the glass fitting) to the very bottom of the glass ball at the base and approximately 52cm across. As we no longer sell through a retail outlet and due to changed circumstances, we would prefer for the buyer to arrange collection from us in SW London and we will pack it in an open top box suspended from a fitting, and offer a 20% discount on the price. Alternatively, please email us to discuss delivery. Thank you.
