Description

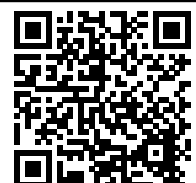

This pair of antique Satin Birch bergere armchairs have just come over from Sweden, been re-polished & expertly re-upholstered with our regular natural cotton fabric. They are extremely comfortable, helped by the fact that we have all the cushions generously filled with feathers. The condition of the wood & the original cane work is excellent too. These armchairs have carved scroll end arms, plus some fine carvings down below the arms, on the legs & in the middle of the bottom rails. They sit on well defined claw & ball feet. The wood as always with Satin Birch has that lovely silky light & dark colouration. They have lots of character & generous proportions. I would date them to around the 1920-30's period. Width - 30 inches, 76 cm Depth - 34 inches, 87 cm Height - 30 inches, 76 cm Seat height - 17 inches, 43 cm
