Date of manufacture: 1910

Description

Antique silver Elgin pocket watch. The watch has a stem-winding movement, grade 313, which is working nicely. The movement is fully signed and has nicely patterned plates, 15 jewels, and a micro regulator. The serial number 15908608 dates it back to 1911. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and has Chester import marks for 1912 with a mark for the watch maker and importer Marc Holland of London. The case has light surface marking from use and a few mild bruises to the back but overall it is in nice condition for a 1912 piece. The acrylic lens is in nice condition. The signed enamel dial is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
