

SA720935

1920s Junghans gun metal pocket watch

Price

Sold**Item Reference: SA720935****Date of manufacture: 1920**

Description

1920s Junghans gun metal pocket watch. The watch has a stem-winding movement which is working nicely. The movement is fully signed and it is all protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is gun metal, overall it is in good condition with just the usual surface marks found on this type of metal. The watch glass has minor marks but is very acceptable. The dial is in lovely condition with ornate hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
