Description

Superior 18th century Dutch three wood, staved and turned tobacco pot. Lovely shape base with thin brass bands top and bottom and original lining inside. The lid is also a lovely shape with original finial type knob to the centre. There is an old shake to the lid but otherwise this is in pretty decent shape for its age. A rather better example than most you see around. SIZE; 6" diameter. 6 1/2" high overall CIRCA; 1780
