Description

A superb 18th Century Farmhouse table which has been reduced in height to make a fantastic coffee table. The table has a thick planked oak top and it stands on square legs. There are two large drawers in the front side of the table, each with brass plate handles. The table has a lot of character and the patination is just superb. There are many old surface marks and signs of age and use and some old repairs but it is a very solid and sturdy piece. The table has been cleaned and gently polished to retain its patina and it displays beautifully and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Free local delivery within 10 miles of Ashburton. London courier rate £70.
