Description

This early 20th century brass table lamp stands on a hexagon base and knopped hexagon column. The original glass shade has a warm blush background and is painted with blossom and a corded tassel fringe. The condition is excellent, the lamp has been rewired and is compatible with the UK standard system. The lamp has been PAT tested. (see "How to Buy" section on the website) This is a very decorative lamp, the proportions are great, we love the quirky tassel fringe and when lit, the blush tone shade gives a soft glow. c. 1920 Height including shade: 17" 43 cm Diameter of base: 4.75" 12 cm Width of shade: 5.5" 14 cm
