Description

Circa early 20th Century, this opaque glass top lampshade has the original beaded shade in very good condition. The length at the longest section is approximately 20cm and the diameter of the glass top is approximately 12cm. The glass top is undamaged, but has a few paint marks, and it will fit any standard UK lamp fitting. The rows of beads appear to be complete, although there could be one or two strands missing - it's hard to know as this was possibly hand made. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad, please contact us for a delivery quote. We have a pair of beaded shades and a pair of glass drop lampshades on our website lancasterantiques.co.uk.
