Description

For your consideration is this fabulous 1930's Modernist Art Deco clock. You only have to do a little research to find out how rare these clocks are, they just don't come onto the market very often at all. Great size too, for either mantle, sideboard etc. The mirror and thick plate glass is in excellent condition, free from chips, nibbles, discolouration, loss of silvering etc. The chrome pedestal does have some pitting and could be re-chromed for absolute perfection. Any admirer of modernism or pure Art Deco or just the finer things in life will appreciate this timepiece. As with all our clocks we've had it fully serviced and so comes to you in good working order.
