Description

A fine quality and rare French "Giant" CARRIAGE CLOCK by Alfred Drocourt in perfect working order. The substantial case is of high quality multi-piece "Corniche" design (very heavy!), whilst the 8-day movement strikes hours and half-hours on a gong, repeating hours at will. Perfect enamel dial; original blued steel hands and original massive lever platform escapement. The movement and case are numbered 12775. 9ins high; 5ins wide. (Additional image shows size comparison with a conventional carriage clock). Highly recommended.
