Description

Gents 9ct gold Smiths De Luxe wrist watch, 1963. The watch has a 15-jewel hand-winding movement which is working nicely. The watch was made at the Cheltenham factory, England. The watch measures 31mm diameter excluding the winding crown and the loop so it is a little on the small side by today's standards. The case is 9 carat gold and there are hallmarks inside the case back for London 1963 with a maker's mark for Smiths Clocks & Watches. The case is in lovely condition, the back of the watch has a 45 years long service inscription from British Railways. The lens is in good condition. The signed dial is in lovely original condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a presentation box from Bears of the The Promenade in Cheltenham.
