Description

Clearly made for a lady with the most delightful engraving to the glass - floral garlands, ribbons and hanging baskets, so, so pretty. Originally this flask looks to have been silver gilt, but now down to the silver, a little gilt remains around the top. There is a removable cup, nice solid or sterling silver with a clear hallmark for Birmingham 1888, a good Victorian piece. The lid is a bayonet type mechanism with a quarter turn and lift required to open. The top has a wonderful thick tablet of shiny tortoiseshell completing this elegant piece. Excellent condition measuring 5 1/2" tall. Item ID: 30593 ----- FREE Worldwide Registered Airmail, Insurance Optional.
