Description

We are totally in love with this exquisite pair of silver and green enamel candlesticks. The tapering hexagon columns stand on silver and enamel bases and support the silver and enamel sconces. The condition is good, there is a minute mark on each base, these are hardly detectable and in no way detract from the appeal. They are marked Birmingham 1936/37. These gorgeous candlesticks portray the style and glamour of the 1930's. c. 1936
