Sold

Item Reference: SA724229

Date of manufacture: 1900

Description

Large antique Pan-America pocket watch. The watch has a stem-winding movement which is working well. The movement is stamped Pan-America, Philadelphia, U.S.A. and numbered 2946209. The watch measures 55 mm diameter excluding the winding crown and the loop. The case is gold plated. The case has light surface marking from use and some wear to the engine turned detail on the back but overall it is in nice condition for an early 1900s piece. The glass lens is in nice condition with only minor marking from use. The white enamel dial is signed Pan-American. The dial has several faint hairline cracks mainly between 11 & 12 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
