Description

Antique Waltham Bond Street pocket watch, 1904. The watch has a seven jewel stem-winding movement, Bond Street grade, which is working nicely. The movement is fully signed and the serial number 13936752 dates it back to 1904. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is gold plated and is in good condition. It was made by the Dennison Watch Case Company, an English company who made the majority of cases for Waltham UK. The watch glass is in lovely condition, as is the dial. The watch will come in a new presentation box.
