Description

A very good example of a late 19th century Oak cased Barograph by Negretti & Zambra (one of the very best names in Barograph making). In superb original condition, with bevelled glass on all faces and a strong hinged lid. It runs on an 8-day movement concealed within the barrel, and is complemented by a useful mercury thermometer, an ink bottle, and an unusual scale plate. The drawer underneath contains a collection of spare charts and unusually the original 'Instructions for use' (very rare to find these still in one piece). In full working condition. Measurements: 14 ins wide; 8.25 ins deep; 8 ins high. (w: 36 cm x d: 21 cm x h: 20.25 cm) Dated: c.1890-1910
