Description

Ladies Omega Ladymatic wrist watch, 1963. The watch has an automatic movement, calibre 681, which is working nicely. The movement is fully signed and the serial number 20,610,480 dates it back to 1963. The watch measures 20mm diameter excluding the winding crown and the lugs. The case is stainless steel and the main body is in good condition. The case back has a couple of indentations. The inner case back is signed with the Omega mark. The winding crown has the Omega logo. The lens is in good condition. The signed dial is in its original finish with original hands, seconds sweep and an early form of quickset date where the hands are moved backwards and forwards between 12 midnight and 8.30pm until the desired date is reached. A new leather strap has been fitted. The watch comes in a new presentation box.
