Description

A lovely pine chest of drawers dating from the late 19th / early 20th Century. Good quality, very well made with a smooth waxed finish and attractive colour. They have brass plate handles and stand on bracket feet. The drawers open smoothly having had the runners replaced and they are generally clean and tidy inside. It is in good condition and displays well. There are the usual signs of age and use, a few small marks and knocks but nothing detrimental. There are a few signs of old woodworm around the back which has all been treated as a precaution and hasn't affected the piece structurally or aesthetically. They have been cleaned and gently polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
