Description

A beautifully made, heavy brass desk lamp dating from the early part of the 20th Century. It is 59cm in height with a 15cm in diameter base and is 28cm at the widest part. The adjustable arm is 25cm in length. The height and arm can both be adjusted, and the mark L'U VIVERSE ED PARIS can just be seen in photo 4 just under the brass screw. The base still has the original weight inside making it a heavy, solid lamp weighing 2.9kgs. It was rewired professionally by the previous owner and to comply with UK regs requires an up to date PAT test, however our electricians are temporarily closed. We have several original glass shades in stock and some are shown on the lamp, but we have other shades on our website lancasterantiques.co.uk. Postage and packing is included in the price for UK mainland delivery only and for remote areas or abroad please contact us for a delivery quote.
