Description

A pair of cast iron garden urns probably turn of the century in date possibly earlier. A good size but sadly lacking their ornate handles and some applied decorative swags nevertheless very attractive and practical. The cast iron is not cracked. The urns appear to have been painted green originally with later layers of white and grey. There is rust deterioration to the interior and base but in line with their age. 44 cm diameter at the top and 61 cm high OVERSEAS buyers please ask for shipping costs before purchasing.
