Description

A 1930s Neva full hunter pocket watch. The watch has a nice quality stem-winding movement with 10 jewels, which is working well. The movement is protected by an inner hinged cover. The watch itself measures 50.3mm diameter excluding the winding stem and the loop. The case is gold filled. The stylish case has a sunburst to the front and back with a vacant cartouche to the front cover. The case has light surface marking from use and some mild bruising to the front and back covers but overall it is in nice condition for a 1930s piece. The winding crown pushes in to open the front cover. Inside the glass lens is in nice condition. The white enamel dial is signed Neva and is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
