Description

A good example of a pair of Victorian Sterling Silver candlesticks. They are stylish pieces with gadrooned detail around the bases and tops and raised shell motifs. They are good quality with a weighted base and they come with both of their original removable tops. They are both hallmarked for I S Greenberg & Co, Birmingham, 1900. They are in good condition for their age. There are some minor dents around the bases and some light surface marks, knocks and signs of age and use but overall they display well. They have been gently cleaned and polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask Tracked UK delivery £8, rest of the world £30.
