Description

Pair of antique French style marble top kidney shaped side tables with three drawers in each. They have pierced gilt metal galleries with swags around the marble tops & lower tiers. They also have gilt bronze mounts, feet & handles. The wood is mainly mahogany & kingwood, with some fine satinwood stringing. These tables are panelled on the drawers, sides & the backs, so they look great from all angles. They are in excellent condition, having just been polished & I would date them to around the 1930's period. This pair could be used as lamp tables, side tables or even bedside tables. Width – 24 inches, 61 cm Depth – 15 inches, 38 cm Height – 29 inches, 74 cm
