

SA731621

One-sided boot scraper

Price

Sold

Item Reference: SA731621

Date of manufacture: Victorian

Dimensions

Height = 40 cm (15.7")

Width = 26 cm (10.2")

Depth = 4 cm (1.6")

Description

This boot scraper I think would have been designed to be mounted close to a wall - hence being one-sided. It is made in cast iron and features a face in the top. The moulded sides go down into c-scrolls which are finished by finials at the bottom. It looks like the bottom 3" has been set in concrete at some point in the past so would work set into concrete again in the future.

Internal Ref: 2112
