Description

A nice small and decorative Table Bell c.1910 Including striker. Both the bell and striker are silver plated but have some losses to the plate. Please see the photos, although it was very difficult to get clear ones as it still "shines" giving reflections! Still displays very well and has a nice ring. Additional photographs and information available on request. FaceTime facility available. Please be aware that the item is old and antique and study any photographs to satisfy yourself as to its condition as much as possible. While we take all efforts to provide something that is fit for the use intended there may be various condition issues that are commensurate with age and considered part of its history, and are very subjective. However, you have legal rights and Consumer Contract Regulations (2014) still apply for "Distance Selling" if this is not a "face-to-face" purchase. The advertised price includes packing and postage within mainland U.K. with Royal Mail's 2nd Class Service. Special Delivery Tracked and Signed for Service can be requested. Money back guarantee if you are not satisfied. Monies will be refunded on safe return of the item to us in the same condition...
