Description

What makes this a rare find is its size with a 2 pint capacity; they are more commonly found in 1 and 1 1/2 pint sizes. Made by the famous silversmith, Mappin and Webb of London and Sheffield, this one was clearly made especially for the French market, probably a French department store in the 1930's. The underside is marked "Fabrication Anglaise" (English made). Inside the top part sits an ice crusher, always a sought-after feature in these cocktail shakers. Excellent condition having been professionally cleaned and polished by our silversmith. 4 1/2" in diameter x 10" tall. An impressive and grand piece.
