Description

A stunning early 20th Century Ottoman starshaped table inlaid with mother of pearl and bone, pierce inverted side panels and standing on 8 turned and ebonised legs. The stylised floral inlay is outlined with pewter. The condition is good, there is some wear to the pewter stringing, this is compatible with age and is usual on pieces of this age and design. This does not detract from the appeal of this lovely table. A very beautiful traditional Middle Eastern table to enhance any interior. c. 1910 Diameter: 20" 51cm Height: 19" 48 cm
