Description

Art Deco pocket watch. The watch has a Swiss stem-winding movement which is working nicely. The watch measures 49mm diameter excluding the winding stem and the loop. The case is chrome plated and it has a charming Art Deco design to the hinged case back. There is a little wear to the plate on the bezel but overall it is in good condition for such an early piece. The watch glass is in lovely condition. The dial is in super condition with blue steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
