Description

Stunning pair of antique Swedish leather armchairs in totally original condition with a lovely design. They are extremely comfortable due to the curvaceous backs & sprung seats. They have just come over from Sweden & the leather has been revived & polished by our leather specialist, so they are full of character with a great colour. The inside backs & sides have a lovely design of deep buttoning & piping, so please enlarge the images to see this. The leather itself is in excellent condition, with no damage. These chairs sit on tapered legs. I would date them to around the 1890-1910 period & to be honest, I don't think these chairs will hang around for long. Width - 31 inches, 79 cm Depth - 30 inches, 76 cm Height - 31 inches, 79 cm Seat height - 15 inches, 39 cm
