Description

Gents 9ct gold Rotary wrist watch, 1967. The watch has a Peseux hand-winding movement, signed with the Rotary wings, which is working nicely. You might notice a couple of empty holes on the edge of the movement, the screws are not required as the movement is held in place by the fitted case. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1967. The back of the watch has some unevenness. The winding crown is a later replacement. The lens is in good condition. The signed dial is in good condition. A new leather strap has been fitted. The watch will be sent in a new presentation box.
