Description

Antique Dimier Freres & Cie Uno pocket watch and chain. The watch has a seven jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has a few short scratches where an opening tool has slipped in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel and it is in lovely condition. The watch glass has a couple of short scratches but not too detrimental. The dial is in lovely condition, just a tiny chip or manufacturing fault to the centre of the sub seconds dial. The watch comes with a single chain, 30cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
