Description

This is a substantial, solid malacca sword stick with a heavy steel blade, the haft ending in a brass ferrule and it is in excellent condition. This is almost certainly a defensive weapon and the silver repousse handle was probably made in India, the collar in the haft is an ivory disc which would seem to confirm this. There are some dings and dents to the knop commensurate with its age. Size: Length - 36" (91.5cm) Blade Length - 28.25" (72cm) Max Diameter - 1.5" (4cm)
