Description

Fully restored and serviced with a 12 month warranty. This is a wonderful example of a gents classic wristwatch made by the world renowned premier Swiss maker Longines. It comes with its original bracelet, this is the only one I have seen in 20 years with the bracelet and it still has all of the links so will fit a wrist up to 8 inches. We can also fit a leather strap if this is your preference. The movement is calibre 345 automatic, freshly serviced and currently running at plus 3 seconds per day. The case size is 35mm diameter without the crown. The original starburst dial is perfect and unmarked. This watch has clearly spent most of its life in the box. The Flagship symbol is on the back of the case, it is bright and crisp and looks as though this watch was hardly worn. As you would expect the watch is fully marked on the dial, movement and case. Longines are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch has been fully serviced and is guaranteed to be a genuine Longines in all respects. It has been professionally serviced and overhauled, the process is highly detailed ...

Internal Ref: longines flagship
