Description

Matched pair walnut bedside cabinets This Matched pair walnut bedside cabinets were made circa 1920 using the George I design. Each cabinet is fitted with a pair of doors that open to reveal open storage, the top having an arched back with a half shelf above the main surface. They stand on beautifully carved cabriole legs. The previous owner's family matched these and the only difference is a slight colour variation. As they will be placed well apart this will not prove to be a problem as these are 100 years old. Imagine how lovely these will look in situ. 53cms widest across feet 21ins 84cms high 33ins 33cms deep 13ins All Measurements are approximate, whilst we take care in measuring there may at times be a very slight difference. This Matched pair walnut bedside cabinets is a very green product and has not damaged our environment.
