Date of manufacture: 1900

Dimensions

Height = 44 cm (17.3")

Width = 30 cm (11.8")

Depth = 22 cm (8.7")

Description

A very nice example of these ever popular clocks, complete with it's original glass dome. All brassware immaculately clean and bright. It has been lacquered to prevent future tarnishing. The pierced silvered dial has engraved black Roman numerals and nicely cut black hands. The 8 day chain driven fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12mth full parts and labour guarantee. A passing strike on a silvered bell. The clock stands on a polished ebonised wooden base with green beige covering and it's original glass dome. All dimensions shown are for the extremes of the dome and base. A beautiful example. All cards accepted.
