Description

Very rare pair of Swedish antique Satin Birch bedside cabinets with ebonised tops. They are in excellent condition inside & out, so please enlarge all the images to see for yourselves. I think you could say they are Biedermeier style & I would date them very roughly to around the 1850's period. They are a good height for bedsides & the insides are well fitted out. The quality is also excellent & the satin birch is a lovely warm colour. The doors have arched top panels & these cabinets sit on shaped bracket feet. Width – 16 inches, 40 cm Depth – 15 inches, 39 cm Height – 32 inches, 81 cm
