Description

A lovely solid gold bracelet which likely started out as a Victorian watch or guard chain. The gold - alternating sections of Prince of Wales chain with paperclip links, has a slightly rose tone. Timeless and eminently wearable! In very good antique condition; some of the links are worn, as is usual for a piece more than 100 years old, though still perfectly strong. Marked JM and 375 (nine-carat gold) on the clip and several of the links. Fixes with a secure dog clip clasp. Length: 8 inches. Width: 7mm. Weight: 15.6g - nicely weighty, compare with other similar chains!
