Description

Larger than normal is this very stylish 1930's Art Deco porcelain ladies powder bowl in the form of a Pierrot with instrument. Beautifully painted facial features. Although we bought this in France we believe it to be German in origin. Moulded numbers underneath the base . Condition is excellent and free from damage. There is the odd blemish from the firing original to the piece but not anything noteworthy. This is a lovely piece either for the collector or for someone with discerning taste with multiple uses aside from its original intent.
