Description

Two unusual late 19th.c. Welsh carved oak wine tables or lamp stands c.1870. Slight differences in design and dimensions but stylistically very much of a piece. Circular table tops (diameter 15"/17") with a carved border and deep moulded edges. Raised on unusual column pedestals, the larger table having particularly good turned and segmented detail. Heavy stepped plinth bases for stability with a repeat of the carved detail from the tops and raised on four small feet. Obvious old marks to the tops, otherwise excellent original colour and condition, simply cleaned and waxed in our workshops. Dimensions: width & depth at feet 16"/17", height 28"/28½".
