Description

Impressive & extremely high quality antique Sheraton style Satinwood Sectaire Bookcase in excellent condition & dating from around the 1930's period. The top section has two astral-glazed doors & fully adjustable bookshelves inside. The top deep drawer opens up to reveal a secretaire compartment with a tooled leather writing surface, three small drawers & a row of pigeon holes. Below that are three more drawers & it sits on spayed feet. The drawers have tulip wood cross bandings & other fine inlays. The brass handles are good quality too & all the drawers seem to have solid mahogany bottoms. It's quite a large item, but it does separate into two sections for easy transportation. Apparently, this item belonged to a very famous singer guitarist. However, I don't want to drop names. Width – 40 inches, 101 cm Depth – 19 inches, 48 cm Height – 83 inches, 209 cm
