Description

A small solid silver 'repousse' cased carriage timepiece with ornate handle and 8 day turn-key movement. This clock bears the hallmarks of Charles Dalgleish and has the 1893 letter stamp of an 's' in a shield. Interestingly this is the only miniature timepiece we have had, this one features a very light pink dial center. It may not show in the pictures as it is very light. The movement has the stamp of JTC. Swiss movement makers. A very attractive and small silver timepiece.

Internal Ref: repousse
