Unique antique Système Roskopf Patent pocket watch

Price

Sold**Item Reference: SA742839****Date of manufacture: 1910**

Description

Unique antique Système Roskopf Patent pocket watch. The watch has a stem-winding movement which is working nicely, it has a good strong loud tick. The movement is protected by an inner hinged cover which, unusually, has a lovely original oil painting of a Continental lake scene. The painting is protected by a lens which has been fitted to the back of the watch. The watch measures 54mm diameter excluding the winding stem and the loop. The case is gun metal with brass rope detail. Both the front and back glass lenses are in lovely condition. The dial is signed Système Roskopf Patent. The cream dial with the blue telephone dial numbers has a most attractive appearance. Ornate pin set hands and outer 24 hour markers. The watch comes in a new presentation box.
