Sold**Item Reference: SA743116****Date of manufacture: Victorian**

Dimensions

Height = 54 cm (21.3")

Width = 18 cm (7.1")

Depth = 18 cm (7.1")

Description

Circa 1900 this magnificent brass table lamp weighs 5kgs and was probably once a gas lamp. It is 54cm in height in total, 49cm to the top of the brass column and the six sided base is approximately 18cm x 18cm. It is in very good condition with no signs of damage or repair. The previous owner rewired the lamp and to comply with UK regulations it must have an up to date PAT test done before use. It would also benefit from having a protective cover on the base, and as our electricians are temporary closed we have been unable to do either. This is reflected in the price. Postage and packing within the UK mainland only is included in the price and for outside areas or abroad please contact us for a delivery quote.
